## WHAT IS A HOSPICE?

- Hospice is a philosophy and a mission that supports those who have terminal illness and whose treatment is no longer curative. Hospice is the tender, loving care that gives life to the patient and their family.
- Hospice Care involves embracing a patient's wishes to provide the best quality of life for the patient and their family.
- Hospice Care involves caring for the patient's physical, emotional, spiritual, and intellectual needs. Hospice Care involves caring for the patient's family and their needs.
- Hospice Care involves caring for the patient's spiritual needs, as well as their emotional and intellectual needs.

## WHAT IS A HOSPICE?

All New Hope Hospice Care patients are cared for by an interdisciplinary team of professionals.

### HOSPICE MEDICAL DIRECTOR

Hospice Medical Director collaborates with other members of the hospice team and the patient's primary physician to help manage the patient's discomfort and symptoms.

### ATTENDING PHYSICIAN

Attending Physician advises patients on hospice and removes patient's primary care physician while acting as a member of the hospice team.

### REGISTERED NURSE

Registered Nurses are educated in hospice care and pain control. They provide comfort to patients and educate their families on the patient's condition. They also provide better patient care for their loved ones.

### CERTIFIED NURSING ASSISTANT

Certified Nursing Assistants provide patient care and assist the patient with activities of daily living.

### MEDICAL SOCIAL WORKER

Medical Social Workers provide individual and family counseling. They help with the emotional, social, and financial aspects of the patient's condition. They also provide support for the patient's family and help to find resources and services.

### HOSPICE CHAPLAIN

Hospice Chaplains provide spiritual counseling for patients and their families. They provide support and comfort to patients and their families, and help to find resources and services.

### BEHAVIORAL COUNSELORS

Behavioral Counselors offer a variety of services to the patient's family to help with understanding of grief.

### HOSPICE VOLUNTEERS

Hospice volunteers are trained and supervised individuals who assist hospice and bereavement services by providing respite care and bereavement support.

## WHERE IS HOSPICE PROVIDED?

Hospice Care is provided wherever the patient can remain. Most hospice patients receive care at home or in the comfort of a long-term facility. Hospice Care can also be provided in a hospital, nursing home, or hospice. Hospice Care gives dignity and support to patients and families facing the end of life.

where love and care  
never end.
