WHAT IS A HOSPICE?

Hospice is a philosophy and a concept, not a specific place of care. Hospice care is for any person who has terminal illness or when curative treatment is no longer effective.

- Hospice Care focuses on enhancing the quality of life for the patient and loved ones.
- Hospice Care offers palliative and comfort care to patients by using the most methods of pain and symptom management.
- Hospice Care provides care 24 Hours a day, seven days a week.
- Hospice Care involves a team of professionals and volunteers who address the physical, emotional, social and spiritual needs of the patient and family.

WHAT IS A HOSPICE?

At New Hope Hospice Care patients are cared for by an interdisciplinary team of professionals.

HOSPICE MEDICAL DIRECTOR

Hospice Medical Director collaborates with other members of the hospice team and the patient's primary physician to help manage the patient's discomfort and symptoms.

ATTENDING PHYSICIAN

Attending Physician refers patients to hospice and remains patient's primary care physician while working as a member of the hospice team.

REGISTERED NURSE

Registered Nurses are educated in palliative care and pain control, they work with patients to establish and maintain comfort as well as quality of life. Their responsibilities also include education of family members to provide better patient care for their loved ones.

CERTIFIED NURSING ASSISTANT

Nursing Assistants are available to provide patients with bathing, personal and comfort care.

MEDICAL SOCIAL WORKER

Medical Social Worker provide individual and family counseling to help meet the challenges created by a terminal illness. The social worker also facilitates family communication, arranges support for caregivers, and helps to find financial and legal assistance.

HOSPICE CHAPLAINS

Chaplains provides spiritual counselling for people of all faiths, planning service, and serve as a liaison between the family and clergy in the community.

BEREAVEMENT COUNSELORS

Bereavement Counselors offer a variety of services to the patient's family to help with understanding of grief.

HOSPICE VOLUNTEERS

Hospice Volunteers are kind and compassionate individuals who support patients and loved ones by providing respite care and friendly visits.

WHERE IS HOSPICE PROVIDED?

Hospice Care is provided wherever the patient calls home. Most hospice patients receive care at home or at the home of a relative or friend. Hospice care can also be provided in long term facilities, nursing homes or hospitals.

New Hope Hospice Care goes above and beyond to provide the best care, comfort and support to patients and families facing life-limiting illness and loss.
